BLOOD SWEAT & TEARS

A TALE OF GRIT AND GRACE

Founded on the belief that everything we do should electrify the room, Regina Andrew sparks self-expression and creativity through unforgettable design. Our roots run deep in the city we call home. Known as the Paris of the Midwest, Detroit style and character have shaped who we are, what we make and how we make it. Our pursuit of inspiration has taken us across the globe to discover materials and forms that drive our designs. Crafted with an obsessive attention to detail and a quest to deliver the unexpected, our products, much like the journey that inspired them, have a story.

SEEK THE UNEXPECTED

We design each piece as a labor of love, pouring over each minute detail without compromise. It is the passion for this process that drives our team with equal part cutting-edge innovation and quality craftsmanship that is hallmark to Detroit manufacturing and the RAD spirit.

NOMAD PENDANT

Vintage and one-of-a-kind, these fabrics were a sign of rich cultural significance in West Africa. Their unique patterns are handwoven and dyed indigo by a traditional process using local flora and fermented with mud that has been aged for a year. Because of this process, no two Nomad Pendants can ever be the same. Every pendant will be different and exclusive by design.
